ISAAC BLACKFORD of Indianapolis, is President, with an Executive Committee of twenty distinguished friends of education, in different parts of this State, to co-operate with the National Board at Cleveland, Ohio, in locating efficient Female Teachers in schools at the West.

During the last and present year 86 teachers have been sent out into the different States and Territories of the West. Gov. Slade is now collecting a large class at Hartford, Connecticut, which will leave there for their destinations in the Mighty West about October 10th, and arrive at their different locations between the 20th and 30th of October.

The object of this circular is to inquire, who wishes for a first rate Female Teacher, for the family, the district school, the county seminary, or the highest and most refined select school in the State? All who do will give us immediate information at Indianapolis upon the following points, for specific and responsible applications are necessary:

1. The name of the Township and County where the teacher is wanted. The branches in which instruction is desired.

Most of our teachers will be capable of teaching the higher branches; but we want to know in each case, as definitely as possible, in what branches instruction will be expected.]
